AAS Health Requirements

Required immunizations (please provide a copy of the original immunization document):

- **5 DTP or DTaP** doses (Diphtheria, Tetanus, Pertussis) – one booster between 4-6 years.
- **4 IPV or OPV** doses (Polio) – one booster between 4 -6 years.
- **2 MMR** (Measles, Mumps, and Rubella) doses – one after 12 months and a second between 4-6 years.
- **HIB** series (Haemophilus Influenza Type B) – under 5 years of age.
- **Td** (tetanus-diphtheria) booster shot every 10 years.

The following vaccinations are **strongly recommended**. Check with your doctor or health care provider for immunization requirements according to age:

- **Hepatitis A and B**
- **Chicken Pox**
- **Pneumococcal**
- **Meningococcal**

Physical Exam required up to 12 months prior to starting school and every 2 years thereafter.

- [Health Examination Form](#)

Tuberculosis test (Mantoux/PPD) with negative results required up to 12 months prior to starting school and every 2 years thereafter.

- **BCG** fulfills this requirement for up to 5 years. After 5 years, a tuberculosis test is required.
- **Chest x-ray** required if tuberculosis test is positive.
- More information on **tuberculosis testing**: <http://www.cdc.gov/tb/topic/testing/default.htm>.
